

CAPABILITY STATEMENT

Our business philosophy

Every time we are entrusted with a load, your trust is an honor and an opportunity for us. Each company we cooperate with is different and drives us to develop and face new challenges, for which we are extremely grateful.

Who We Are

- Rolatrans is a Polish, family-owned company that has been constantly developing since 1995.
- We have our own fleet of over 110 trucks and trailers, which makes us one of the largest transport companies in north-east Poland.
- Our company provides professional services in the field of national and international transport across European Union countries, always meeting our clients' wishes and expectations.

Differentiators

- We are a family company with a simplified structure that allows for 24/7 decision-making.
- We strive to provide the best services possible, which is why we only use our vehicles and drivers, most of whom have been working with us for almost 20 years.
- In terms of environmental care, we use LNG-powered vehicles and HVO fuels, which reduce CO2 emissions by up to 90%.
- We have a comprehensive insurance package, systems for monitoring our vehicles and your goods, and we have implemented load protection technology in transport.
- A committed team, mostly with 20 years of work experience, who try their best to meet the demands of the situation at all times.
- ISO 9001 certification.
- We are silver medalists of EcoVadis 2018 for our activities in the field of corporate social responsibility (CSR).
- Trailer certificates for the transport of all types of loads.
- Client Relationship Management.
- On time and within budget.
- Strong past performance.
- The high quality of the services provided and the dynamic development of the company were confirmed in 2017, 2018, and 2019 by winning the title of winner of the Business Gazelles 2017, 2018, and 2019 Polish ranking.
